DRAFT 2 DIGITAL

DeanaBean also works with this company to help our books get placed in almost all other E-book reader markets around the world. They do take a fee of 10% of the set retail price. But the fact our books are in so many different places makes it worth the cost. *Marketplaces: Apple Books, Barnes & Noble, Kobo (Walmart), Scribd, Smashwords, Tolino, OverDrive, Bibliotheca, Baker & Taylor, Hoopla, Vivlio, and more.*

WRITING A BOOK FOR YOU

This price will need to be determined by scope of the project. Information DeanaBean will need:

- Is this book going to be written by both parties?
- Do you have ideas and just need it put into words?
- How long do you want the book to be (word count)?
- Will we be listed as Author or Co-author or you?

ADVERTISING

This has to be done in many places: Facebook, Instagram, Amazon, Youtube videos, influencers, and more! This is all up to you and with each one of these the cost and parameters are different. DeanaBean is still learning each one and getting better all the time. We can talk about each one and what it means to have them working for your book.

QUALITY ASSURANCE

DeanaBean provides attention and oversight of every stage of the book publishing process, from production to delivery, to ensure the a high quality product through DeanaBean.
